Assessing and intervening with suicidal clients is one of the most critical responsibilities for clinicians. This training provides an in-depth exploration of comprehensive suicide assessment tools and approaches, emphasizing best practices for conducting thorough evaluations. Participants will delve into evidenced-based intervention methods to address suicidality and reduce risk, while also examining the legal and ethical requirements for effective practice. Additionally, the training includes case studies and interactive exercises to reinforce learned skills. Leave this workshop equipped with enhanced confidence, advanced tools, and a deeper understanding to support clients experiencing suicidality.

BY ATTENDING OUR WORKSHOP, YOU WILL BE ABLE TO:

1. Identify thorough suicide assessment procedures and practices.
2. Formulate a risk level and employ strategies to reduce suicidality.
3. Explain therapeutic approaches for supporting suicidal clients.
4. Apply evidenced-based approaches to intervene with suicide.
5. Identify legal and ethical requirements for effective practice.
6. Analyze case studies to apply suicide assessment and intervention techniques in diverse clinical scenarios.

Course Interaction and Technical Requirements: This live webinar is fully interactive. Attendees may ask and answer questions throughout the presentation and participate in instructor-led discussions. A computer or mobile device is required. Zoom account is not required. You will receive a reminder email approximately 24 hours prior to the start of the training and a link to the webinar will be in your CEU Creations account.
